Subject Index

A

Adenoma

- the treatment of hyperparathyroidism by transcatheter techniques. Doppman, J.L., p. 268
- the treatment of hyperparathyroidism by transcatheter techniques: a surgeon's view (comment). Wang, C., p. 276
- reply by Doppman, J.L. [to the treatment of hyperparathyroidism by transcatheter techniques: a surgeon's view], p. 278
- reply by Wang, C. [to the treatment of hyperparathyroidism by transcatheter techniques], p. 279
- the treatment of hyperparathyroidism by transcatheter techniques: an endocrinologist's view (final remarks). Segre, G.V., p. 280

Abdomen, injuries

- vascular complications associated with sonographically demonstrated cystic epigastric lesions: an important indication for angiography. Vujic, I., Seymour, E.Q., Meredith, H.C., p. 75

Aneurysm

- vascular complications associated with sonographically demonstrated cystic epigastric lesions: an important indication for angiography. Vujic, I., Seymour, E.Q., Meredith, H.C., p. 75

Aneurysm, aortic

- mycotic aneurysm of the aorta. Castaneda-Zuniga, W.R., Nath, P.H., Zollikofer, C., Velasquez, G., Valdez-Davila, O., Edwards, J.E., p. 144

Aneurysm, mycotic

- mycotic aneurysm of the aorta. Castaneda-Zuniga, W.R., Nath, P.H., Zollikofer, C., Velasquez, G., Valdez-Davila, O., Edwards, J.E., p. 144

Angina, abdominal

- treatment of abdominal angina with percutaneous dilatation of an arteria mesenterica superior stenosis. Preliminary communication. Furrer, J., Grüntzig, A., Kugelmeier, J., Goebel, N., p. 43

Angiocardiography, technique

- right ventricular cineangiography in tetralogy of Fallot. Rajani, M., Shrivastava, S., Tandon, R., Bhargava, S., p. 13
- imaging procedures in the detection of cardiac tumors, with emphasis on echocardiography: a review. Bogren, H.G., DeMaria, A.N., Mason, D.T., p. 107

Angiography

- Blalock-Taussig shunt to a pulmonary vein: an unusual surgical complication. Cho, S.-R., Tisnado, J., Beachley, M.C., Lower, R.R., p. 9
- the coil-spring aorta or what makes rabbits go hippity-hop: an angiographic fable. Doppman, J.L., p. 135
- angiographic evaluation of post-sternotomy arteriovenous fistula of the internal mammary artery and vein. Longmaid, H.E., III, Jay, M., Phillips, D., p. 150

Angiography, indications

- chronic vascular disease of the upper extremity: radiologic and clinical features. Kobinina, G.S., Olbert, F., Russe, O.J., Denck, H., p. 25
- aortic dissection with "normal" chest roentgenogram. Kaufman, S.L., White, R.I. Jr., p. 103

Angiography, technique

- occlusion arteriography: diagnostic and therapeutic applicability of balloon catheters. Weber, J., Novak, D., p. 81
- effects of a rapid injection into the canine superior mesenteric artery of diatrizoate meglumine and diatrizoate sodium (Renografin-76). Jacobson, E.D., Eldon, C., Fondacaro, J.D., p. 159

- Doppler-assisted percutaneous angiography. Jarmolowski, C.R., p. 163

Angioma

- renal hemangioma: diagnostic aspects and management techniques. Crissey, M.M., Kearney, G.P., Sos, T., Levin, D.C., p. 170

Angiospastic disease

- chronic vascular disease of the upper extremity: radiologic and clinical features. Kobinina, G.S., Olbert, F., Russe, O.J., Denck, H., p. 25

Aorta

- aortic dissection with "normal" chest roentgenogram. Kaufman, S.L., White, R.I. Jr., p. 103
- the coil-spring aorta or what makes rabbits go hippity-hop: an angiographic fable. Doppman, J.L., p. 135

Aorta, abnormalities

- three aortic arch anomalies: a review of the literature and proposal of a new classification. Bogren, H.G., Porter, B.A., p. 19
- three aortic arch anomalies: a review of the literature and proposal of a new classification (letter). Bogren, H.G., p. 325

Aorta, dissection

- aortic dissection with "normal" chest roentgenogram. Kaufman, S.L., White, R.I. Jr., p. 103

Aortic arch

- See Aorta

Aortocoronary bypass grafts

- See Coronary artery bypass grafts

Aortography

- the coil-spring aorta or what makes rabbits go hippity-hop: an angiographic fable. Doppman, J.L., p. 135

Arterial infusion

- current status of transcatheter management of neoplasms. Chuang, V., Wallace, S., p. 256
- current status of transcatheter management of neoplasms: a surgeon's view (comment). Cohen, A.M., p. 266

Arteries, femoral

- percutaneous dilatation and recanalization of iliac and femoral arteries. Zeitler, E., p. 207
- percutaneous transluminal angioplasty of peripheral vascular disease: a two-year experience. Colapinto, R.F., Harries-Jones, E.P., Johnston, K.W., p. 213

Arteries, iliac

- percutaneous dilatation and recanalization of iliac and femoral arteries. Zeitler, E., p. 207
- percutaneous transluminal angioplasty of peripheral vascular disease: a two-year experience. Colapinto, R.F., Harries-Jones, E.P., Johnston, K.W., p. 213

Arteries, internal mammary

- angiographic evaluation of post-sternotomy arteriovenous fistula of the internal mammary artery and vein. Longmaid, H.E., III, Jay, M., Phillips, D., p. 150

Arteries, internal pudendal

- transcatheter embolization of the internal pudendal artery for control of massive perineal bleeding. Tisnado, J., Beachley, M.C., Cho, S.-R., Coyne, S.S., p. 187

Arteries, mesenteric

- treatment of abdominal angina with percutaneous dilatation of an arteria mesenterica superior stenosis preliminary communication. Furrer, J., Grüntzig, A., Kugelmeier, J., Goebel, N., p. 43
- effects of a rapid injection into the canine superior mesenteric artery of diatrizoate meglumine and diatrizoate sodium

(Renografin-76), Jacobson, E.D., Eldon, C., Fondacaro, J.D., p. 159

Arteries, popliteal

percutaneous transluminal angioplasty of peripheral vascular disease: a two-year experience, Colapinto, R.F., Harries-Jones, E.P., Johnston, K.W., p. 213
percutaneous transluminal angioplasty: a surgeon's view, Couch, N.P., p. 219

Arteries, splenic

splenic embolization, Spigos, D.G., Tan, W.S., Mozes, M.F., Pringle, K., Iossifides, I., p. 282
splenic embolization: a surgeon's view (comment), Cosimi, A.B., p. 287

Arteries, subclavian

chronic vascular disease of the upper extremity: radiologic and clinical features, Kobin, G.S., Olbert, F., Russe, O.J., Denck, H., p. 25

Arteries, therapeutic blockade

occlusion arteriography: diagnostic and therapeutic applicability of balloon catheters, Weber, J., Novak, D., p. 81
bleeding from esophageal varices exacerbated by splenic arterial-venous fistula: complete transcatheter oblitative therapy, Keller, F.S., Rösch, J., Dotter, C.T., p. 97
catheter-aided extraction of a steel coil accidentally lodged in the right ventricle, Radojković, S., Kamenica, S., Jašović, M., Draganić, M., p. 153
a complication with the Gianturco coil and its non-surgical management, Weber, J., p. 156
transcatheter embolization of the internal pudendal artery for control of massive perineal bleeding, Tisnado, J., Beachley, M.C., Cho, S.-R., Coyne, S.S., p. 187
therapeutic embolization with detachable balloons, White, R.I., Jr., Barth, K.H., Kaufman, S.L., DeCaprio, V., Strandberg, J.D., p. 229
materials and methods for transcatheter vascular occlusion: some personal, practical views (comment), Rösch, J., Keller, F.S., Dotter, C.T., p. 242
editor's note [to materials and methods for transcatheter vascular occlusion: some personal, practical views] by Athanasoulis, C.A., p. 243
vessel occlusion with transcatheter electrocoagulation, Thompson, W.M., Johnsrude, I.S., p. 244
vessel occlusion with transcatheter electrocoagulation: negative results (comment) Amplatz, K., p. 253
reply by Thompson, W.M., Johnsrude, I.S. [to vessel occlusion with transcatheter electrocoagulation: negative results], p. 254
current status of transcatheter management of neoplasms, Chuang, V., Wallace, S., p. 256
current status of transcatheter management of neoplasms: a surgeon's view (comment), Cohen, A.M., p. 266
splenic embolization, Spigos, D.G., Tan, W.S., Mozes, M.F., Pringle, K., Iossifides, I., p. 282
splenic embolization: a surgeon's view (comment), Cosimi, A.B., p. 287
transcatheter embolization versus vasopressin infusion for the control of arteriocapillary gastrointestinal bleeding, Waltman, A.C., p. 289
embolization versus vasopressin infusion in gastrointestinal bleeding (comment), Bookstein, J.J., p. 296

B

Balloon catheters

See Catheters and catheterization

Biopsies, technique

superior vena cava syndrome: a new radiologic approach to diagnosis, Rosenberger, A., Adler, O., p. 127

Bladder neoplasms

current status of transcatheter management of neoplasms, Chuang, V., Wallace, S., p. 256

Ballock-Taussig shunt

Ballock-Taussig shunt to a pulmonary vein: an unusual surgical complication, Cho, S.-R., Tisnado, J., Beachley, M.C., Lower, R.R., p. 9

Blood, flow dynamics

effects of a rapid injection into the canine superior mesenteric artery of diatrizoate meglumine and diatrizoate sodium (Renografin-76), Jacobson, E.D., Eldon, C., Fondacaro, J.D., p. 159

C

Cardiac

See also under Heart

Cardiac catheterization

imaging procedures in the detection of cardiac tumors, with emphasis on echocardiography: a review, Bogren, H.G., DeMaria, A.N., Mason, D.T., p. 107

Catheters and catheterization

treatment of abdominal angina with percutaneous dilatation of an arteria mesenterica superior stenosis preliminary communication, Furrer, J., Grüntzig, A., Kugelmeier, J., Goebel, N., p. 43
Zeitler, E., Grüntzig, A., Schoop, W., ed., percutaneous vascular recanalization: technique, application, clinical results; reviewed by Schmitt, H.E., p. 71
occlusion arteriography: diagnostic and therapeutic applicability of balloon catheters, Weber, J., Novak, D., p. 81
bleeding from esophageal varices exacerbated by splenic arterial-venous fistula: complete transcatheter oblitative therapy, Keller, F.S., Rösch, J., Dotter, C.T., p. 97
selective sclerotherapy of the internal spermatic vein in patients with varicoceles, Zeitler, E., Jecht, E., Richter, E.-I., Seyferth, W., p. 166
transcatheter embolization of the internal pudendal artery for control of massive perineal bleeding, Tisnado, J., Beachley, M.C., Cho, S.-R., Coyne, S.S., p. 187
a note from the editors [on Advances and Controversies in Therapeutic Angiography: A Special Issue], Abrams, H.L., Zeitler, E., p. 193
advances and controversies in therapeutic angiography, Athanasoulis, C.A., p. 195
percutaneous transluminal angioplasty of the renal artery, Schwarten, D.E., p. 197
percutaneous transluminal angioplasty of the renal artery: a surgeon's view (comment), Brewster, D.C., p. 204
percutaneous transluminal angioplasty of the renal artery: a hypertensiologist's view (comment), Slater, E.E., p. 205
percutaneous dilatation and recanalization of iliac and femoral arteries, Zeitler, E., p. 207
percutaneous transluminal angioplasty of peripheral vascular disease: a two-year experience, Colapinto, R.F., Harries-Jones, E.P., Johnston, K.W., p. 213
percutaneous transluminal angioplasty: a surgeon's view, Couch, N.P., p. 219
percutaneous transluminal angioplasty: cooperation among specialties (comment), Zeitler, E., p. 221
transcatheter vessel occlusion: selection of methods and materials, Greenfield, A.J., p. 222
therapeutic embolization with detachable balloons, White, R.I., Jr., Barth, K.H., Kaufman, S.L., DeCaprio, V., Strandberg, J.D., p. 29
materials and methods for transcatheter vascular occlusion: some personal, practical views (comment), Rösch, J., Keller, F.S., Dotter, C.T., p. 242

- editor's note [to materials and methods for transcatheter vascular occlusion: some personal, practical views] by Athanasoulis, C.A., p. 243
- vessel occlusion with transcatheter electrocoagulation, Thompson, W.M., Johnsrude, I.S., p. 244
- vessel occlusion with transcatheter electrocoagulation: negative results (comment), Amplatz, K., p. 253
- reply by Thompson, W.M., Johnsrude, I.S. [to vessel occlusion with transcatheter electrocoagulation: negative results], p. 254

Catheters and catheterization, complication

- catheter-aided extraction of a steel coil accidentally lodged in the right ventricle, Radojković, S., Kamenica, S., Jašović, M., Draganić, M., p. 153
- a complication with the Gianturco coil and its non-surgical management, Weber, J., p. 156

Cavography

- superior vena cava syndrome: a new radiologic approach to diagnosis, Rosenberger, A., Adler, O., p. 127
- selective renal venography in patients with primary renal disease and the nephrotic syndrome, Martin, E.C., Gordon, D.H., p. 175
- intracaval extension of renal cell carcinoma, Kadir, S., Coulam, C.M., p. 180

Coils

- catheter-aided extraction of a steel coil accidentally lodged in the right ventricle, Radojković, S., Kamenica, S., Jašović, M., Draganić, M., p. 153
- a complication with the Gianturco coil and its non-surgical management, Weber, J., p. 156
- transcatheter vessel occlusion: selection of methods and materials, Greenfield, A.J., p. 222

Computed tomography, abdomen

- intracaval extension of renal cell carcinoma, Kadir, S., Coulam, C.M., p. 180

Computed tomography, heart

- the use of computed tomography in the diagnosis of coronary artery bypass graft patency, Guthaner, D.F., Brody, W.R., Ricci, M., Oyer, P.E., Wexler, L., p. 3
- three-dimensional CT imaging of the heart (ab), Ritman, E.L., Harris, L.D., Kinsey, J.H., Robb, R.A., Gilbert, B.K., p. 190

Contrast media

- effects of a rapid injection into the canine superior mesenteric artery of diatrizoate meglumine and diatrizoate sodium (Renografin-76), Jacobson, E.D., Eldon, C., Fondacaro, J.D., p. 159

Coronary angiography

- imaging procedures in the detection of cardiac tumors, with emphasis on echocardiography: a review, Bogren, H.G., DeMaria, A.N., Mason, D.T., p. 107
- postmortem angiographic and pathologic-anatomic findings in coronary heart disease: a comparative study using planimetry, Staiger, J., Adler, C.P., Dieckmann, H., Barmeyer, J., p. 139

Coronary arteries, diseases

- postmortem angiographic and pathologic-anatomic findings in coronary heart disease: a comparative study using planimetry, Staiger, J., Adler, C.P., Dieckmann, H., Barmeyer, J., p. 139
- Farrer-Brown, G., *Farbatlas der Herzkrankheiten*; reviewed by Zeitler, E., p. 191
- relationship of coronary artery narrowing and left ventricular wall motion abnormality: a quantitative study (ab), Dodge, H.T., Koh, D., Brown, B.G., Stewart, D.K., Bolson, E.L., p. 190

Coronary artery bypass grafts

- the use of computed tomography in the diagnosis of coronary

- artery bypass graft patency, Guthaner, D.F., Brody, W.R., Ricci, M., Oyer, P.E., Wexler, L., p. 3

D

DiGeorge's syndrome

- three aortic arch anomalies: a review of the literature and proposal of a new classification, Bogren, H.G., Porter, B.A., p. 19
- three aortic arch anomalies: a review of the literature and proposal of a new classification (letter), Bogren, H.G., p. 325

Dotter technique

- See Percutaneous transluminal angioplasty

Ductus arteriosus

- three aortic arch anomalies: a review of the literature and proposal of a new classification, Bogren, H.G., Porter, B.A., p. 19
- three aortic arch anomalies: a review of the literature and proposal of a new classification (letter), Bogren, H.G., p. 325

E

Echocardiography

- See Heart, ultrasound studies

Electrocoagulation

- vessel occlusion with transcatheter electrocoagulation, Thompson, W.M., Johnsrude, I.S., p. 244
- vessel occlusion with transcatheter electrocoagulation: negative results (comment), Amplatz, K., p. 253
- reply by Thompson, W.M., Johnsrude, I.S. [to vessel occlusion with transcatheter electrocoagulation: negative results], p. 254

Embolism, peripheral

- chronic vascular disease of the upper extremity: radiologic and clinical features, Kobin, G.S., Olbert, F., Russe, O.J., Denck, H., p. 25

Embolism, pulmonary

- transvenous devices for the management of pulmonary embolism, Simon, M., Palestrant, A.M., p. 308
- transvenous management of pulmonary embolism and technical aspects of filters (comment), Ferris, E.J., p. 317
- practical points on transvenous insertion of inferior vena cava filters, Novelline, R.A., p. 319
- filter interruption of the inferior vena cava (comment), Ferris, E.J., p. 324

Embolism, therapeutic

- occlusion arteriography: diagnostic and therapeutic applicability of balloon catheters, Weber, J., Novak, D., p. 81
- bleeding from esophageal devices exacerbated by splenic arterial-venous fistula: complete transcatheter obliterative therapy, Keller, F.S., Rösch, J., Dotter, C.T., p. 97
- catheter-aided extraction of a steel coil accidentally lodged in the right ventricle, Radojković, S., Kamenica, S., Jašović, M., Draganić, M., p. 153
- a complication with the Gianturco coil and its non-surgical management, Weber, J., p. 156
- transcatheter embolization of the internal pudendal artery for control of massive perineal bleeding, Tisnado, J., Beachley, M.C., Cho, S.-R., Coyne, S.S., p. 187
- transcatheter vessel occlusion: selection of methods and materials, Greenfield, A.J., p. 222
- therapeutic embolization with detachable balloons, White, R.L., Jr., Barth, K.H., Kaufman, S.L., DeCaprio, V., Strandberg, J.D., p. 229
- materials and methods for transcatheter vascular occlusion: some personal, practical views (comment), Rösch, J., Keller, F.S., Dotter, C.T., p. 242
- editor's note [to materials and methods for transcatheter vascular

- lar occlusion: some personal, practical views] by Athanasoulis, C.A., p. 243
- the treatment of hyperparathyroidism by transcatheter techniques, Doppman, J.L., p. 268
- the treatment of hyperparathyroidism by transcatheter techniques: a surgeon's view (comment), Wang, C., p. 276
- reply by Doppman, J.L. [to the treatment of hyperparathyroidism by transcatheter techniques: a surgeon's view], p. 278
- reply by Wang, C. [to the treatment of hyperparathyroidism by transcatheter techniques], p. 279
- the treatment of hyperparathyroidism by transcatheter techniques: an endocrinologist's view (final remarks), Segre, G.V., p. 280
- splenic embolization, Spigos, D.G., Tan, W.S., Mozes, M.F., Pringle, K., Iossifides, I., p. 282
- splenic embolization: a surgeon's view (comment), Cosimi, A.B., p. 287
- transcatheter embolization versus vasopressin infusion for the control of arterio-capillary gastrointestinal bleeding, Waltman, A.C., p. 289
- embolization versus vasopressin infusion in gastrointestinal bleeding (comment), Bookstein, J.J., p. 296
- transhepatic embolization of varices, Widrich, W.C., Robbins, A.H., Nabseth, D.C., p. 289
- transhepatic embolization of varices: a surgeon's view (comment), Malt, R.A., p. 303
- reply by Widrich, W.C., Robbins, A.H., Nabseth, D.C. [to transhepatic embolization of varices: a surgeon's view], p. 305
- final remarks by Malt, R.A. [to transhepatic embolization of varices], p. 306
- transvenous devices for the management of pulmonary embolism, Simon, M., Palestrant, A.M., p. 308
- transvenous management of pulmonary embolism and technical aspects of filters (comment), Ferris, E.J., p. 317
- practical points on transvenous insertion of inferior vena cava filters, Novelline, R.A., p. 319
- filter interruption of the inferior vena cava (comment), Ferris, E.J., p. 324
- Esophagus, variceal hemorrhage**
- bleeding from esophageal varices exacerbated by splenic arterial-venous fistula: complete transcatheter obliterative therapy, Keller, F.S., Rösch, J., Dotter, C.T., p. 97
- transhepatic embolization of varices, Widrich, W.C., Robbins, A.H., Nabseth, D.C., p. 298
- transhepatic embolization of varices: a surgeon's view (comment), Malt, R.A., p. 303
- reply by Widrich, W.C., Robbins, A.H., Nabseth, D.C. [to transhepatic embolization of varices: a surgeon's view], p. 305
- reply by Malt, R.A. [to transhepatic embolization of varices], p. 306
- control of bleeding esophageal varices by endoscopic sclerotherapy (final remarks), Rösch, W., p. 307

F

Filters, inferior vena cava

See Vena cava, transvenous interruption

Fistula, arteriovenous

- bleeding from esophageal varices exacerbated by splenic arterial-venous fistula: complete transcatheter obliterative therapy, Keller, F.S., Rösch, J., Dotter, C.T., p. 97
- angiographic evaluation of post-sternotomy arteriovenous fistula of the internal mammary artery and vein, Longmaid, H.E., III, Jay, M., Phillips, D., p. 150
- catheter-aided extraction of a steel coil accidentally lodged in

the right ventricle, Radojković, S., Kamenica, S., Jašović, M., Draganić, M., p. 153

Foreign body retrieval, intravascular

- catheter-aided extraction of a steel coil accidentally lodged in the right ventricle, Radojković, S., Kamenica, S., Jašović, M., Draganić, M., p. 153
- a complication with the Gianturco coil and its non-surgical management, Weber, J., p. 156

G

Gangrene

percutaneous dilatation and recanalization of iliac and femoral arteries, Zeitler, E., p. 207

Gastrointestinal tract, hemorrhage

- occlusion arteriography: diagnostic and therapeutic applicability of balloon catheters, Weber, J., Novak, D., p. 81
- transcatheter embolization versus vasopressin infusion for the control of arterio-capillary gastrointestinal bleeding, Waltman, A.C., p. 289
- embolization versus vasopressin infusion in gastrointestinal bleeding (comment), Bookstein, J.J., p. 296

Gelfoam

- transcatheter vessel occlusion: selection of methods and materials, Greenfield, A.J., p. 222
- materials and methods for transcatheter vascular occlusion: some personal, practical views (comment), Rösch, J., Keller, F.S., Dotter, C.T., p. 242
- editor's note [to materials and methods for transcatheter vascular occlusion: some personal, practical views] by Athanasoulis, C.A., p. 243
- the treatment of hyperparathyroidism by transcatheter techniques, Doppman, J.L., p. 268
- the treatment of hyperparathyroidism by transcatheter techniques: a surgeon's view (comment), Wang, C., p. 276
- reply by Doppman, J.L. [to the treatment of hyperparathyroidism by transcatheter techniques: a surgeon's view], p. 278
- splenic embolization, Spigos, D.G., Tan, W.S., Mozes, M.F., Pringle, K., Iossifides, I., p. 282
- transcatheter embolization versus vasopressin infusion for the control of arterio-capillary gastrointestinal bleeding, Waltman, A.C., p. 289
- embolization versus vasopressin infusion in gastrointestinal bleeding (comment), Bookstein, J.J., p. 296
- transhepatic embolization of varices, Widrich, W.C., Robbins, A.H., Nabseth, D.C., p. 298
- transhepatic embolization of varices: a surgeon's view (comment), Malt, R.A., p. 303
- reply by Widrich, W.C., Robbins, A.H., Nabseth, D.C. [to transhepatic embolization of varices: a surgeon's view], p. 305
- reply by Malt, R.A. [to transhepatic embolization of varices], p. 306

Gianturco coil

See Coils

Glomerulonephritis, membranous

- selective renal venography in patients with primary renal disease and the nephrotic syndrome, Martin, E.C., Gordon, D.H., p. 175

H

Heart, abnormalities

- Blalock-Taussig shunt to a pulmonary vein: an unusual surgical complication, Cho, S.-R., Tisnado, J., Beachley, M.C., Lower, R.R., p. 9
- right ventricular cineangiography in tetralogy of Fallot, Rajani, M., Shrivastava, S., Tandon, R., Bhargava, S., p. 13

Heart, atria

etiologic significance of an enlarged left atrial appendage in adults (ab), Kelley, M.E., Green, C.E., Higgins, C.B., p. 190

Heart, computed tomography

See Computed tomography, heart

Heart, neoplasms

imaging procedures in the detection of cardiac tumors, with emphasis on echocardiography: a review, Bogren, H.G., DeMaria, A.N., Mason, D.T., p. 107

Heart, radionuclide studies

Strauer, B.E., Das Hochdruckherz. Funktion, koronare Hämodynamik und Hypertrophie des linken Ventrikels bei der essentiellen Hypertonie; reviewed by Schad, N., p. 71
imaging procedures in the detection of cardiac tumors, with emphasis on echocardiography: a review, Bogren, H.G., DeMaria, A.N., Mason, D.T., p. 107

Heart, ultrasound studies

imaging procedures in the detection of cardiac tumors, with emphasis on echocardiography: a review, Bogren, H.G., DeMaria, A.N., Mason, D.T., p. 107

Heart, ventricles

a simple technique for producing cast specimens of the cardiac ventricles, Dübel, H.-P., Romaniuk, P.A., p. 131
relationship of coronary artery narrowing and left ventricular wall motion abnormality: a quantitative study (ab), Dodge, H.T., Koh, D., Brown, B.G., Stewart, D.K., Bolson, E.L., p. 190

Heart, volume

a simple technique for producing cast specimens of the cardiac ventricles, Dübel, H.-P., Romaniuk, P.A., p. 131

Hemangioma, renal

renal hemangioma: diagnostic aspects and management techniques, Crissey, M.M., Kearney, G.P., Sos, T., Levin, D.C., p. 170

Hemorrhage

See under organ or system, e.g., Gastrointestinal tract, hemorrhage

Hyperparathyroidism

the treatment of hyperparathyroidism by transcatheter techniques, Doppman, J.L., p. 268
the treatment of hyperparathyroidism by transcatheter techniques: a surgeon's view (comment), Wang, C., p. 276
reply by Doppman, J.L. [to the treatment of hyperparathyroidism by transcatheter techniques: a surgeon's view], p. 278
final remarks by Wang, C. [to the treatment of hyperparathyroidism by transcatheter techniques], p. 279
the treatment of hyperparathyroidism by transcatheter techniques: an endocrinologist's view (comment), Segre, G.V., p. 280

Hypertension

Strauer, B.E., Das Hochdruckherz. Funktion, koronare Hämodynamik und Hypertrophie des linken Ventrikels bei der essentiellen Hypertonie; reviewed by Schad, N., p. 71

I**Infertility**

selective sclerotherapy of the internal spermatic vein in patients with varicoceles, Zeitler, E., Jecht, E., Richter, E.-I., Seyferth, W., p. 166

Interventional radiology

See under Arteries, therapeutic blockade; Catheters and catheterization; Embolism, therapeutic; Foreign body retrieval, intravascular; Percutaneous transluminal angioplasty; Sclerosis, therapeutic

Isobutyl 2-cyanoacrylate

transcatheter vessel occlusion: selection of methods and materials, Greenfield, A.J., p. 222

K**Kidney**

See also under Renal

Kidney neoplasms

intracaval extension of renal cell carcinoma, Kadir, S., Coulam, C.M., p. 180
current status of transcatheter management of neoplasms, Chuang, V., Wallace, S., p. 256

Kidneys, injuries

pedicle injury masquerading as renal contusion: a possible urographic pitfall, Rogers, C.I., Vujic, I., Rittenberg, G.M., p. 184

Kidneys, nonfunctioning

renal venography: anatomy, technique, applications, analysis of 132 venograms, and a review of the literature, Beckmann, C.F., Abrams, H.L., p. 45

L**Liver neoplasms**

current status of transcatheter management of neoplasms, Chuang, V., Wallace, S., p. 256
current status of transcatheter management of neoplasms: a surgeon's view (comment), Cohen, A.M., p. 266

M**Mediastinum, mass**

superior vena cava syndrome: a new radiologic approach to diagnosis, Rosenberger, A., Adler, O., p. 127

Mesentery, blood flow

effects of a rapid injection into the canine superior mesenteric artery of diatrizoate meglumine and diatrizoate sodium (Renografin-76), Jacobson, E.D., Eldon, C., Fondacaro, J.D., p. 159

Mitral valve, diseases

etiologic significance of an enlarged left atrial appendage in adults (ab), Kelley, M.E., Green, C.E., Higgins, C.B., p. 190

N**Neoplasms, metastases**

imaging procedures in the detection of cardiac tumors, with emphasis on echocardiography: a review, Bogren, H.G., DeMaria, A.N., Mason, D.T., p. 107

Nephrotic syndrome

selective renal venography in patients with primary renal disease and the nephrotic syndrome, Martin, E.C., Gordon, D.H., p. 175

O**Osteosarcoma**

current status of transcatheter management of neoplasms, Chuang, V., Wallace, S., p. 256

P**Pancreas, angiography**

vascular complications associated with sonographically demonstrated cystic epigastric lesions: an important indication for angiography, Vujic, I., Seymour, E.Q., Meredith, H.C., p. 75

Pancreas, cysts

vascular complications associated with sonographically demonstrated cystic epigastric lesions: an important indication for angiography, Vujic, I., Seymour, E.Q., Meredith, H.C., p. 75

Pancreas, pseudoaneurysms

vascular complications associated with sonographically demon-

- strated cystic epigastric lesions: an important indication for angiography, Vujic, I., Seymour, E.Q., Meredith, H.C., p. 75
- Pancreas, ultrasound studies**
vascular complications associated with sonographically demonstrated cystic epigastric lesions: an important indication for angiography, Vujic, I., Seymour, E.Q., Meredith, H.C., p. 75
- Parathyroid, neoplasms**
the treatment of hyperparathyroidism by transcatheter techniques, Doppman, J.L., p. 268
the treatment of hyperparathyroidism by transcatheter techniques: a surgeon's view (comment), Wang, C., p. 276
reply by Doppman, J.L. [to the treatment of hyperparathyroidism by transcatheter techniques: a surgeon's view], p. 278
reply by Wang, C. [to the treatment of hyperparathyroidism by transcatheter techniques], p. 279
the treatment of hyperparathyroidism by transcatheter techniques: an endocrinologist's view (final remarks), Segre, G.V., p. 280
- Percutaneous dilatation**
See Percutaneous transluminal angioplasty
- Percutaneous transluminal angioplasty**
treatment of abdominal angina with percutaneous dilatation of an arteria mesenterica superior stenosis, preliminary communication, Furrer, J., Grüntzig, A., Kugelmeier, J., Goebel, N., p. 43
Zeitler, E., Grüntzig, A., Schoop, W., ed., percutaneous vascular recanalization: technique, application, clinical results; reviewed by Schmitt, H.E., p. 71
percutaneous transluminal angioplasty of the renal artery, Schwarten, D.E., p. 197
percutaneous transluminal angioplasty of the renal artery: a surgeon's view (comment), Brewster, D.C., p. 204
percutaneous transluminal angioplasty of the renal artery: a hypertensiologist's view (comment), Slater, E.E., p. 205
percutaneous dilatation and recanalization of iliac and femoral arteries, Zeitler E., p. 207
percutaneous transluminal angioplasty of peripheral vascular disease: a two-year experience, Colapinto, R.F., Harries-Jones, E.P., Johnston, K.W., p. 213
percutaneous transluminal angioplasty: a surgeon's view, Couch, N.P., p. 219
percutaneous transluminal angioplasty: cooperation among specialties (comment) Zeitler, E., p. 221
- Pelvis, neoplasms**
current status of transcatheter management of neoplasms, Chuang, V., Wallace, S., p. 256

- Renal angiography**
renal hemangioma: diagnostic aspects and management techniques, Crissey, M.M., Kearney, G.P., Sos, T., Levin, D.C., p. 170
intracaval extension of renal cell carcinoma, Kadir, S., Coulam, C.M., p. 180

Renal angiography, indications

- pedicle injury masquerading as renal contusion: a possible urographic pitfall, Rogers, C.I., Vujic, I., Rittenberg, G.M., p. 184

Renal arteries

- a complication with the Gianturco coil and its non-surgical management, Weber, J., p. 156
percutaneous transluminal angioplasty of the renal artery, Schwarten, D.E., p. 197
percutaneous transluminal angioplasty of the renal artery: a surgeon's view (comment), Brewster, D.C., p. 204
percutaneous transluminal angioplasty of the renal artery: a hypertensiologist's view (comment), Slater, E.E., p. 205
percutaneous transluminal angioplasty: a surgeon's view, Couch, N.P., p. 219

Renal cell carcinoma

- See Kidney neoplasms

Renal veins

- renal venography: anatomy, technique, applications, analysis of 132 venograms, and a review of the literature, Beckmann, C.F., Abrams, H.L., p. 45

Renal veins, occlusion

- intracaval extension of renal cell carcinoma, Kadir, S., Coulam, C.M., p. 180

Renal veins, thrombosis

- renal venography: anatomy, technique, applications, analysis of 132 venograms, and a review of the literature, Beckmann, C.F., Abrams, H.L., p. 45
selective renal venography in patients with primary renal disease and the nephrotic syndrome, Martin, E.C., Gordon, D.H., p. 175

Renal veins, varices

- renal venography: anatomy, technique, applications, analysis of 132 venograms, and a review of the literature, Beckmann, C.F., Abrams, H.L., p. 45

Renal venography

- renal venography: anatomy, technique, applications, analysis of 132 venograms, and a review of the literature, Beckmann, C.F., Abrams, H.L., p. 45
selective renal venography in patients with primary renal disease and the nephrotic syndrome, Martin, E.C., Gordon, D.H., p. 175

Renin

- renal venography: anatomy, technique, applications, analysis of 132 venograms, and a review of the literature, Beckmann, C.F., Abrams, H.L., p. 45

Roentgenography

- aortic dissection with "normal" chest roentgenogram, Kaufman, S.L., White, R.I. Jr., p. 103
imaging procedures in the detection of cardiac tumors, with emphasis on echocardiography: a review, Bogren, H.G., DeMaria, A.N., Mason, D.T., p. 107

S

Sclerosis, therapeutic

- selective sclerotherapy of the internal spermatic vein in patients with varicoceles, Zeitler, E., Jecht, E., Richter, E.-I., Seyferth, W., p. 166
transhepatic embolization of varices, Widrich, W.C., Robbins, A.H., Nabseth, D.C., p. 298
transhepatic embolization of varices: a surgeon's view (comment), Malt, R.A., p. 303
reply by Widrich, W.C., Robbins, A.H., Nabseth, D.C. [to transhepatic embolization of varices: a surgeon's view], p. 305
reply by Malt, R.A. [to transhepatic embolization of varices], p. 306

control of bleeding esophageal varices by endoscopic sclerotherapy (final remarks), Rösch, W., p. 307

Spleen

splenic embolization, Spigos, D.G., Tan, W.S., Mozes, M.F., Pringle, K., Iossifides, I., p. 282

splenic embolization: a surgeon's view (comment), Cosimi, A.B., p. 287

Spleen, arteriovenous fistula

bleeding from esophageal varices exacerbated by splenic arterial-venous fistula: complete transcatheter oblitative therapy, Keller, F.S., Rösch, J., Dotter, C.T., p. 97

Staining technique

the treatment of hyperparathyroidism by transcatheter techniques, Doppman, J.L., p. 268

the treatment of hyperparathyroidism by transcatheter techniques: a surgeon's view (comment), Wang, C., p. 276

reply by Doppman, J.L. [to the treatment of hyperparathyroidism by transcatheter techniques: a surgeon's view], p. 278

reply by Wang, C. [to the treatment of hyperparathyroidism by transcatheter techniques], p. 279

the treatment of hyperparathyroidism by transcatheter techniques: an endocrinologist's view (final remarks), Segre, G.V., p. 280

Superior vena cava syndrome

superior vena cava syndrome: a new radiologic approach to diagnosis, Rosenberger, A., Adler, O., p. 127

Surgery, complications

Blalock-Taussig shunt to a pulmonary vein: an unusual surgical complication, Cho, S.-R., Tisnado, J., Beachley, M.C., Lower, R.R., p. 9

angiographic evaluation of post-sternotomy arteriovenous fistula of the internal mammary artery and vein, Longmaid, H.E., III, Jay, M., Phillips, D., p. 150

T

Tetralogy of Fallot

right ventricular cineangiography in tetralogy of Fallot, Rajani, M., Shrivastava, S., Tandon, R., Bhargava, S., p. 13

Therapeutic angiography

See under Arteries, therapeutic blockade; Catheters and catheterization; Embolism, therapeutic; Foreign body retrieval, intravascular; Percutaneous transluminal angioplasty; Sclerosis, therapeutic

Thoracic outlet syndrome

chronic vascular disease of the upper extremity: radiologic and clinical features, Kobin, G.S., Olbert, F., Russe, O.J., Denck, H., p. 25

Transcatheter embolization

See Embolism, therapeutic

U

Ultrasound, Doppler studies

Doppler-assisted percutaneous angiography, Jarmolowski, C.R., p. 163

V

Varicocele

selective sclerotherapy of the internal spermatic vein in patients with varicoceles, Zeitler, E., Jecht, E., Richter, E.-I., Seyferth, W., p. 166

Vasoocclusion

See also Arteries, therapeutic blockade; Electrocoagulation; Embolism, therapeutic; Staining

transcatheter vessel occlusion: selection of methods and materials, Greenfield, A.J., p. 222

materials and methods for transcatheter vascular occlusion: some personal, practical views (comment), Rösch, J., Keller, F.S., Dotter, C.T., p. 242

editor's note [to materials and methods for transcatheter vascular occlusion: some personal, practical views] by Athanasoulis, C.A., p. 243

Vasoocclusion, indications

transcatheter vessel occlusion: selection of methods and materials, Greenfield, A.J., p. 222

Vasopressin

the treatment of hyperparathyroidism by transcatheter techniques, Doppman, J.L., p. 268

transcatheter embolization versus vasopressin infusion for the control of arterio-capillary gastrointestinal bleeding, Waltman, A.C., p. 289

embolization versus vasopressin infusion in gastrointestinal bleeding (comment), Bookstein, J.J., p. 296

Veins, axillary

chronic vascular disease of the upper extremity: radiologic and clinical features, Kobin, G.S., Olbert, F., Russe, O.J., Denck, H., p. 25

Veins, spermatic

selective sclerotherapy of the internal spermatic vein in patients with varicoceles, Zeitler, E., Jecht, E., Richter, E.-I., Seyferth, W., p. 166

Vena cava, neoplasms

intracaval extension of renal cell carcinoma, Kadir, S., Coulam, C.M., p. 180

Vena cava, transvenous interruption

transvenous devices for the management of pulmonary embolism, Simon, M., Palestrant, A.M., p. 308

transvenous management of pulmonary embolism and technical aspects of filters (comment), Ferris, E.J., p. 317

practical points on transvenous insertion of inferior vena cava filters, Novelline, R.A., p. 319

filter interruption of the inferior vena cava (comment), Ferris, E.J., p. 324

Venography

Weber, J., Phlebographie und Venendruckmessung im Abdomen und Becken (phlebography and venous pressure measurements in the abdomen and pelvis), reviewed by Doppman, J.L., p. 137

selective sclerotherapy of the internal spermatic vein in patients with varicoceles, Zeitler, E., Jecht, E., Richter, E.-I., Seyferth, W., p. 166
